

**For Immediate Release: 3/19/2020**

## **A Message from Holdrege Equipment to Our Valued Customers**

As we all come face to face with the challenges of the COVID-19 Pandemic, we must maintain our focus on the far view. Each day we still have work to do and demands that must be met. By working together and looking out for each other we will make it through this crisis.

Holdrege Equipment is committed to continue offering parts, service and repairs for Mixers, Spreaders and Diesel Trucks of all brands.

Everyone's health and safety is a top priority, but there is still work to do each day to keep the commodities you produce headed for the store shelves. Lots of our fellow Americans rely on us to deliver the goods.

With that in mind, Holdrege Equipment will be mindful of the health and safety of our staff as well as our customers. We need to limit personal contact, but can dig in with both hands to keep your equipment up and operating.

Holdrege Equipment is also committed to follow the safety protocols established by our customers to ensure the safety of their staff and operations.

An extensive stock of parts is available for immediate shipment.

New and used equipment still available for sale. Demos and Loaners are available.

**Holdrege Equipment is still open for Business to Serve our Valued Customers  
Your Authorized Jaylor Representative for Nebraska, Colorado and Kansas**

**We all need to remain vigilant and aware of the serious nature of this crisis.**

**We are in this TOGETHER and we will make out TOGETHER.**

**During this challenging time, and beyond...**

**Ask everyone you meet if there is anything that they need.**

**"No act of kindness is too small. The gift of kindness may start as a small ripple that over time can turn into a tidal wave affecting the lives of many". Kevin Heath**

**Holdrege Equipment sends our sincere wishes for Health and Safety to you all**
