

## **About Setting D Ranch LLC...**

Dan and Clarissa Feldman own and operate Setting D Ranch, a 3rd generation family ranch, in Litchfield, Nebraska. In 1942, Dan's Grandpa, Walt Feldman, started the ranch by offering Black Angus cattle by carcass to neighbors and raising row crops.

Dan and Clarissa continue his tradition today, with the addition of more cattle breeds and pigs!

All of our stock is harvested at a local Nebraska, USDA Inspected locker. Cuts are sold by the pound as frozen and pre-packaged. We are currently offering beef, pork and mixed cut boxes! Currently shipping to the majority of the lower 48.

And as if we aren't busy enough, we enjoy showing our Foundation Quarter horses, attending Farmers Markets and are active members in the Nebraska Cattlemen. Visit our Facebook page, Setting D Ranch LLC, for more photos of Ranch life!
