

OAK BARN BEEF

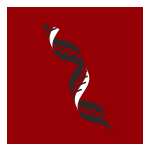

EXPERIENCE FROM FARM TO TABLE

We are excited to provide families across the United States with the same high quality beef our family has been raising for years. It's the best beef you'll ever taste and offers a pretty cool experience to know the farmer behind it!

Fifth Generation Ranchers

It's in our blood- we know the best way to raise beef because we've been doing it for five generations!

DNA Tested for Quality

To ensure quality from the very beginning, we test all our cattle for tenderness, marbling, and ribeye area.

Dry Aged for 21-Days

Like giving a good cheese or wine time to mature, dry aging makes beef more tender and flavorful.

Check out our Beef Specials

We have special priced beef boxes on our site! Don't miss out on some great bundles. Head to Oak Barn Beef 's website today!
